

LOCAL NEWS.

FREDERICKSBURG AND GORDONSVILLE R. R.—A bill passed the House of Delegates on Wednesday to increase the capital stock of the Fredericksburg and Gordonsville Railroad, from the sum of \$1,000,000, to borrow the same at a rate of interest not exceeding 10 per cent., to construct and extend the road from Orange Court House to Charlottesville. This, it is said, is to be done by Maryland capital, and as an extension of the projected road that is to pass through that State to a point opposite the landing at Aquia Creek.

RAILROAD CLAIM.—The National Intelligence says: "The Washington, Georgetown, and Alexandria railroad company having petitioned Congress for a settlement of their claims against the Government for the use of their road during the war, the Military Committee of the House have decided to report a resolution authorizing the Secretary of War to settle the claim upon the principles of equity and justice."

SLEIGHING.—The sleighing carnival still continues, and the sound of the merry bells was more continuous last evening and night, than it has been since the sport began. Good sleighing comes so seldom that those fond of it feel themselves enjoyed in making extraordinary efforts to enjoy it, even if in so doing they are compelled to economize in another quarter.

ICE BLOCKADE.—The harbor and river still remain closed, and the ice is apparently getting stronger. Heavily loaded wagons cross the Potomac daily from the Virginia shore to Georgetown, and at all the upper fords of the river; Occoquan Creek has been used for a road bed between this city and Fredericksburg for nearly three weeks. The Potomac has now been closed for four weeks.

BEHIND TIME.—The passenger train on the Orange and Alexandria Railroad, due here this morning at 5.55, did not arrive until nearly 8 o'clock, in consequence of the breaking of a rail on the Central Railroad, which it required the lost time to replace. The down train on that road passed over the broken rail safely, and warned the up train of the danger.

SUDDEN DEATH.—We regret to learn that Mrs. Mary Greenwood, the wife of the late John Greenwood, suddenly fell dead this morning, between the hours of nine and ten o'clock, in the house of her next door neighbor, Mr. W. Simpson, who resides on Queen street, near Pitt.

MINERAL WEALTH OF PRINCE WILLIAM.—Cannel coal, iron ore, and gold quartz, have been found on the estate of Mr. Z. Kankey, near Dumfries, Prince William county, Virginia, and capitalists and miners from the North, have lately been prospecting in that locality.

DONATIONS TO THE SOUP HOUSE.—From Colonel Lee, two hundred pounds beef; one barrel cabbage, from P. Rotherford; a lot of parsnips and cabbage, from J. Pulman; two bushels turnips from Thomas Lannon; and a load of turnips, from Thos. W. Swan.

LIBERAL DONATION.—The Ocoila Tribe, No. 1, of the I. O. R. M., of this city, at a meeting of the Tribe last night, appropriated \$25—more than one-fourth of the entire amount in their treasury—for the purpose of buying wood for the poor of the city.

THE PUFFING OF THE "RECEPTIONS" given in Washington, by the "dignitaries" there, goes on apace—after the manner of the London Court Journal and Morning Post. "It is as good as a farce."

BURNS'S ANNIVERSARY.—To-day is the one hundred and eighth anniversary of the birth of Robert Burns, the famous Scotch poet.

A man's business capacity now-a-days is measured by the quantity of his advertising.

HOW TO CLEAN OFF SNOW.—Snow may be easily softened and cleaned from pavements and yards, even when it is hard frozen and trampled down, by sprinkling common table or fish salt over it. In ten or fifteen minutes it will be soft, and may be swept off with a stiff broom. Five cents worth of salt will be enough for the pavement in front of any house, and fifteen minutes after reading this you may clean up in front of the house, and perhaps save your neighbors a severe fall on the slippery sidewalk.

TO CORRESPONDENTS.—Correspondents must condense as much as possible. We have not the space for long articles—and cannot insert them; besides which they are seldom read.—The articles sent, too, must not be written on both sides of the same sheet of paper. We cannot use them. Brevity and plainness of hand writing are very desirable.

STARTLING DISCLOSURES.—The Supervisory Inspector of Steamboats has made his report upon the case of the steamboat Commodore, of the Stonington line, which was lost on the Long Island coast on the night of December 27.—From the investigation it appears that the boat was an old rotten tub, unfit for Sound navigation, lacking in necessary equipments, worked by an incompetent crew, sailed by a reckless and incompetent captain and taken to sea without a license, in violation of law and regulations and in an unworthy condition. The President of the company to which she belonged testified that he knew of the dangerous condition of the boat and hesitated in trusting his life on board. Yet innocent passengers, confiding in the reputation of the company over which he presides, were allowed to crowd her decks and cabins as freely as they pleased.—*New York Herald.*

NATIONAL FIRE LIGHTS. or kindling blocks, for kindling fires early, and without the necessity of using paper, shavings, &c., for commencing fires in stoves and grates. They seem to be useful and convenient, and those we have tried are very well the purpose designed.—*Alfred Street, the agent, has sent us a sample of these Firelights.*

REMARKS.—The market during the week has been unusually quiet, the suspension of navigation and severity of the weather seriously affecting trade. The receipts of produce by railroad are very light, and transactions consequently limited. In Flour we have no change to note in our quotations, the supply being about equal to the local demand. Quotations for wheat are nominal, the sales not warranting accuracy. Corn is in fair request. Dressed hogs in good supply, at \$8.50 @ 9 per 100 lbs.—Butter and Eggs in demand.

BALTIMORE CATTLE MARKET, January 24.—Beef Cattle.—Prices to-day ranged as follows: Common Cattle, \$4 @ 6; good, \$6 @ 7; and prime Beeves \$8 @ 10 per 100 lbs.—with some a shade better. Notwithstanding the receipts of heavy cattle rather light for the season, the market to-day opened rather dull, except for a few top Cattle, all of which were bought up, after which the market became a perfect drag, and continued so to the close; prices, however, remaining unchanged.

There is a slight supply in market, but equal to the demand; sales of fair to good this week at 6 @ 6 1/2, and a few extra at 7c per lb. hogs.

Hogs are coming in sparingly, and with rather a brisk demand, prices have improved a shade; sales at \$9 @ 75 per 100 lbs. net, as to quality.

The Northern flour and grain markets continue dull and unchanged.

SAFETY OF THE RAILROAD BRIDGE.—To the President and Directors of the Washington, Alexandria and Georgetown Railroad Company.

GENTLEMEN:—Under your instructions I examined the bridge on your road over the Potomac river, on the 1st instant, and reported that it would be safe for the long spans on the Virginia side were supported in the center by two piers. I have this day examined the bridge again, and found that the timbers have been placed under the center of each span, as recommended, and the bridge, in my opinion, is safer and stronger than when first built, and is perfectly secure for the passage of trains required for the local and through business of the road.
